# ABOUT US

DinPei Electronics (HK) Limited was established in 2016, headquartered in Shenzhen, China. We focus on the development and sales of car radio, providing professional and efficient one-stop services from design, mold manufacturing, hardware, software, production to transportation.

We have worked on many car factory radio projects, such as TATA in India, LADA in Russia, Hyundai in Egypt, and Suzuki in Pakistan. There are several experienced engineers including ID engineers, structural engineers and electrical engineers who always keep improving and developing new products to meet car radio distributors' requirements. We have not only professional design and production capabilities to support ODM and OEM, but also stable and advantageous supply chain resources to ensure that every order has a stable and competitive price.
